Zach LeDay: 12 points, 7 rebounds (3 off, 5 def), 4 assists, 0 turnover, 1 steals, 5-9 FGs, 0-1 3PTs, 2-2 FTs in 26 min

Report:

- (+) High motor player
- (+) Doesn't stop moving when the ball is in play
- (+) Solid first step on offensive movement
- (+) Wants to play big on defense – bigger than his size
- (+) Strong on rebounding, though needs form correction
- (+) Strong defensive player
- (+) Solid lateral movement and speed
- (-) No offensive game outside of put-backs and dunks
- (-) Needs serious post skill development
- (-) Shooting form needs major correction

Summary:

LeDay is an energy player with a high motor on both sides of the ball. He did not make much of an effort as a leader on the court, but his composure and energy spoke for him. He hustles after the ball and is a strong rebounder, though he could use development on actually how to rebound. He is undersized for the position he wants to play, with is truly a power forward type of role. His offensive arsenal is limited, as is his jump shot. He is in need of a major shooting form adjustment and would need to start knocking down mid-range shots more consistently. At this point, he is a limited player – mainly driven by energy, rebounding, and defensive intensity, though his size limits his effectiveness in all three of these areas.
